

Future Wonder is an IT Consultancy specializing in UX / UI design, software development and architecture, testing, cloud infrastructure, vendor management, and security. We work with informed IT clients as well as those who need coaching through application design and development to achieve their business aims. Our clients include finance companies, cutting-edge software startups in Indiana, and other established businesses.

## Job Description

We are hiring a **Full Stack Web Developer** to join our development team. You will collaborate with our design team to interpret client requirements and designs, then work with the development team to build them out. You will work alongside our senior staff and help guide more junior developers and interns across different tech stacks depending on the project and the client. Our consultants are paid an hourly rate, and we provide a Bloomington Dimension Mill membership for local developers.

## Education

A Bachelor's degree is recommended; we will also consider Associate's degrees and code bootcamp training.

## Requirements

- 3+ years of experience in application development
- Expertise in core JavaScript, and at least one JavaScript framework like React, Angular or Vue
- Experience with Python (core Python, Flask, Django), PHP or Rails
- Experience working with relational databases like Postgres and MySQL
- Experience working with Docker and cloud platforms like AWS
- Experience working with modern and legacy backend APIs
- Self-starter with a focus on software quality
- Authorization to work in the U.S. with at least 2 solid references

## Desirable Skills

- Comfortable working with designs and enhancing web interfaces
- Experience with Continuous Integration (e.g. GitHub Actions, Jenkins) and automated testing
- A fun-loving attitude when it comes to development and teamwork!

## Location

We are located in Bloomington, Indiana at The Mill [www.dimensionmill.org](http://www.dimensionmill.org). We will consider a remote working setup for a candidate with excellent communication skills and a solid work ethic.

## To Apply

Please apply with a cover letter and resume to [jobs@futurewonder.com](mailto:jobs@futurewonder.com).
